Proposal to change assessment for Advanced Vision and Advanced Vision (Distance Learning)

Currently, Advanced Vision and Advanced Vision (DL) are 10 credit courses, with 2 assignments, each worth 15%. The assignments are done in teams of 2 (generally - or 1 team of 3 if there are an odd number of students).

In line with School policy for 10 credits Honours modules, I propose to change this to 1 assignment, worth 25%, done in teams of 2. The workload of the single assignment will be slightly increased (compared to each single assignment currently) because of its slightly higher value as a single assignment, and because it is done as part of a team.

This change will be active from 2017/18.
